NEW SONG BIBLE FELLOWSHIP CHURCH

SCHOOL OF DISCIPLESHIP

COURSE SYLLABUS:

Course title: Praying the Names of God

Teachers: Ministerial Staff

Start Date: January 15th 2025

Class Times: 10:45AM
6:45 PM

Course Description:

Praying the Names of God is divided into twenty-six weeks. Each week is devoted to studying and praying a particular name of God. The order of the names in the book is not random but is related in most cases to where the name either first or most definitively appears in the Bible. Though not every name and title of God is included in this study, the author has done her best to cover the most significant ones. At the end of twenty-six weeks, we hope you will have a much deeper understanding of who God is and will also have experienced Him in surprising and wonderful ways.

Course Objective:

In this study you will be asked to do some work through the week that is essential if you are to really have the experience of "Praying the Names of God." One important part of this is the Scripture memory. In no part of this "journey" is the discipline of discipleship more obvious than in memorizing the Scripture verse each week. Make a commitment to the Lord to do your memory work each week. Remember, you get out of anything what you put in, but also remember that in God's economy you get more than what you put in.
